

WELL, WELL, WELL TRAVELLED.

Traveling well starts with the Allegro Bay. While any motor home can take you somewhere, this one takes you there in style. Maybe it's the numerous open floor plans and the newly added one-piece fiberglass roof cap. Perhaps it's the large mirrors, three choices of chassis and full body paint schemes. Or the industry's best warranty. Whatever it is that gets you into an Allegro Bay, we can assure you that it'll be what gets you out of the ordinary. Where you go from here is up to you.

Allegro Bay

WIDE OPEN SPACES. LIVING AREA

ALLEGRO BAY

When we designed the Allegro Bay living area, we didn't just stop at the seven-foot ceilings. We went on to add a new solid backsplash, decorative trim on the wall beneath the chair rail and a large mirrored wall that enhances the already spacious feel. In the kitchen, you'll notice a new glass door hutch and an elegant kitchen faucet with a pull-out sprayer and new soap dispenser. Across the full-tile floor, you'll see decoratively appointed valences with wood and diamond glass inserts and a TV, standard in the mid-section on the 35 TSB and 37 QDB. You can also choose options like a three-burner cook top, a four-door refrigerator with icemaker and an Ultra Leather Air Coil Hide-a-Bed on the driver's side.

COMMAND THE ROAD. COCKPIT

Sit in the driver's seat. You'll find yourself in the one place that gives you total command of your destiny. Designed for utmost convenience, the Allegro Bay cockpit offers drivers a tilt steering wheel, a color back-up monitor and comfortable leather driver and passenger swivel chairs to create additional living area seating. The large tinted one-piece windshield provides drivers unobstructed views of all that they survey. And if all that scenery isn't enough to look at, the 35 TSB and the 37 QDB come with a 26" standard front TV.

ALLEGRO BAY

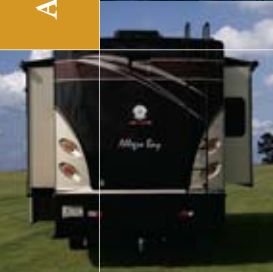

SLEEPING BEAUTY, BEDROOM

What's not to love about the Allegro Bay bedroom? In the 37 QDB floor plan, this spacious bedroom features not one, but two, slides. Which is a good thing, because they create plenty of room for two people to move around comfortably and enjoy a 26" LCD television, optional washer and dryer and the remote-controlled Select Comfort mattress system. That's why in here, even with your eyes closed, you'll see no reason to sleep anywhere else.

AWASH IN ELEGANCE. BATHROOM/AMENITIES

The elegant bathroom of the Allegro Bay just got better. Along with solid surface countertops and surface sink bowls, you'll discover that a new soap dispenser has been added to the vanity. Which is also where you'll find the nickel-plated fixtures. Like other models, the Allegro Bay offers a glass shower door, plenty of cabinet space and all the little touches that make it a Tiffin Motorhome and nothing else.
